Haven Timesheet Documentation

This document describes the structure and usage of the Haven Employee Timesheet workbook.

Workbook Structure

1. Cover Workbook
2. Haven Sheet (Staff Attendance)
3. Operatives Sheet (Operative Attendance)
4. Monthly Summary
5. Payroll Reference

Suggested Data Structure

Employee Information Employee ID Employee Name Department Designation Supervisor Attendance Details Date Day Check In Check Out Break Hours Worked Hours Overtime Hours Status (Present, Leave, Holiday, Absent) Remarks Monthly Summary Total Working Days Present Days Leave Days Absent Days Total Hours Total Overtime

Workflow

Employee fills daily attendance → Supervisor verifies → HR reviews → Payroll processes salary based on approved timesheet.

Purpose

The timesheet supports attendance tracking, overtime calculation, payroll preparation, compliance, and reporting.
