Haven Timesheet Documentation

Purpose: This document describes the monthly employee attendance/timesheet workbook used for Haven employees.

Workbook Structure

- Haven sheet: Employee attendance records.
- Operatives sheet: Operative attendance records.

Header Information

Includes employee details, reporting period, and attendance summary.

Daily Attendance

Record attendance, working hours, overtime, leave, and remarks for each day.

Payroll

The timesheet is used to calculate payable days, overtime, and payroll inputs after supervisor verification.
