Haven HRMS - Timesheet Management System Documentation

This document describes the existing Excel-based timesheet process and the proposed HRMS implementation.

1. Overview

The system manages client timesheets, employee attendance, supplier timesheets, invoice preparation, payroll inputs and approvals.

2. Objectives

Automate manual Excel work, reduce errors, improve traceability, generate supplier documents, integrate payroll and invoicing.

3. Existing Workflow

Receive client timesheet, import/convert, validate employees, split supplier-wise, generate PDFs, approval, email suppliers, receive invoices, payroll processing.

4. Workbook Structure

Client Abstract, Client Invoice, Supplier Sheets, Freelancer Timesheet, Freelancer Salary.

5. Master Data

Employee, Supplier, Client, Trade, Project, Department, Designation, Shift, Holiday Calendar.

6. Attendance Fields

Employee ID, Name, Supplier, Client, Project, Date, Day, Status, Check-In, Check-Out, Hours, OT, Remarks.

7. Monthly Summary

Present, Leave, Holiday, Absent, Worked Hours, OT Hours, Billing Hours.

8. Modules

Masters, Import, Attendance, Approval, Supplier Timesheet, Invoice, Payroll, Reports, Administration.

9. User Roles

HR, Supervisor, Accounts, Admin with role-based permissions.

10. Validation Rules

Duplicate detection, employee validation, missing attendance alerts, mandatory field checks, overtime validation.

11. Reports

Attendance Abstract, Supplier-wise, Client-wise, Employee Monthly, OT Summary, Invoice Summary, Payroll Summary.

12. Automation

Email notifications, digital signatures, OCR/PDF import, dashboards, reminders, audit trail.

13. Benefits

Reduced manual effort, improved accuracy, faster billing, centralized records, payroll readiness.

Business Process Flow

Client Timesheet → Import → Validation → Employee Mapping → Supplier Split → Approval → Supplier PDF → Invoice → Payroll → Reports

Suggested Database Structure

Table	Purpose
Employee	Employee master
Supplier	Supplier master
Client	Client master
Project	Project details
Attendance	Daily attendance
Timesheet	Monthly records
Invoice	Billing
Payroll	Salary processing
